National Level Technical Symposium

Venue: Rohini College of Engineering and Technology

Six students from the IIIrd semester of SOCI participated in Technical and non Technical events at the National Level Technical Symposium ZYNIX'24 organized on April 15 by the Department of CSE, Rohini College of Engineering and Technology. S.Phani Kiranmai bagged third prize in logo design of non-technical events.

This program provided a platform for showcasing innovative project works by School of Computational Intelligence students particularly in the field of Machine Learning (with hand gestures), Computer Graphics, and Cyber Security demonstrating their practical understanding and application of theoretical concepts. The projects received admiration from the attendees for their creativity and technical superiority.

Participation in Workshops/Seminars/Summer School

Venue: IIIT Allahabad **National level essay and quiz competition**

Three students namely Srikakula Anirudh, Adapa Dinesh and Uday SSS accompanied by Prof. Rahul of SOCI actively participated in the Fourth International workshop on Generative AI and human robot interaction held at IIIT Allahabad between February 16 and 18, 2024 and gained valuable insights into Artificial Intelligence and Machine Learning. This workshop was a significant event for students interested in the latest developments in the field of AI-ML and Robotics.

Venue: Summer school, IIIT Naya Raipur

Six students from SOCI are about to participate in the Summer school on Mathematical Foundations for Data Science and Machine Learning by IIIT Naya Raipur between 4 and 9 of June.

Mentoring System (mentor-mentee system)

The school provides excellent mentoring system to establish a meaningful relationship between students and teachers. The mentor provides advice to enhance the **mentee's** professional performance and development and support system for the **mentee**. Mentors meet students individually or in groups weekly once.

IBM Events

During this academic year, three programmes were conducted by IBM at the computing of SOCI.

- (a) T3 programme
- (b) IBM ICE day
- (c) Training session for students

T3 programme

IBM's T3 programme was indeed an initiative by IBM aimed at educating faculty on Python programming and IT landscape infrastructure overview. The sessions for Python programming and IT landscape infrastructure overview was conducted between 16-08-2024 to 19-08-2023 and 22-08-2024 to 25-08-2024 respectively by IBM instructor Ms.Monisha. Faculty members had the opportunity to deepen their expertise in Python programming and IT infrastructure thus staying updated with the latest developments to effectively teach the curriculum thereby enhancing their own knowledge base. At the end, the faculty were evaluated and given e-certificates based on their eligibility. (No proof)

IBM ICE day

IBM ICE Day was hosted on November 9th, 2023 and it was an exhilarating day packed with activities designed to blend learning with enjoyment. It aimed to make the pursuit of knowledge a delightful experience. As part of it, a captivating Poster Competition was held that provided a platform for participants to showcase their artistic talents while also conveying insightful messages related to IBM's groundbreaking technologies and their impact on society. It was a student-centric activity focusing on key concepts, challenges, and innovations within some suggested crucial domains such as AI & ML, Cyber Security and Business Analytics, to name a few. The winners were awarded by IBM and through this competition, participants had the opportunity to inspire and be inspired, contributing to the vibrant atmosphere of learning and innovation that characterized IBM ICE Day.

Training session for students

IBM recently organized a training program on 2nd and 3rd of May aimed at providing a comprehensive coverage from basic syntax to advanced topics such as web development

and data analysis of Python programming language. The sessions were much interactive and supportive.

ACM Student Chapter

We are committed to innovation, excellence, and collaboration in the field of computing science. As part of this commitment, we are proud to announce our ongoing teamwork with ACM, the world's largest educational and scientific computing society. Being the faculty sponsor of ACM, I am pleased and joyful to say that our student chapter of ACM is chartered by ACM on the 5th of February 2024 and is named as **Joy university ACM student chapter** with chapter ID **194448**. The chapter officers include the chapter chair, chapter co-chair, chapter secretary, chapter treasurer, faculty Sponsor, ACM web master and the membership chair and they all belong to the SOCI School.

Through our partnership with ACM, Joy University is able to offer unparalleled opportunities for students, faculty, and researchers to engage with leading experts, access cutting-edge resources and contribute to the advancement of computing science globally.

Web page Hosting (Home - SOCI (acm.org))

Hosting a webpage under ACM is a way to showcase our ACM student chapter activities, resources, and achievements to a wider audience. And I am happy to say that we have hosted a web page with custom ACM WordPress theme with the look-and-feel similar to the main ACM site. Special appreciation to Karthik, a student of AI who extended his help voluntarily along with other ACM members.

As we embark on this new chapter, JU ACM student chapter is planning to host events and Activities, participate in ACM-sponsored contests like coding competitions, hackathons, and organize events such as workshops, seminars, hackathons, and networking sessions. Already research are underway. Now, our students are venturing into the 4 main competitions held throughout the year such as: ICPC: International Collegiate Programming Contest, SRC: Student Research Competition, Student Chapter Excellence Awards, and Upsilon Pi Epsilon ACM Student Scholarship Award.

As the opening part of our ACM student chapter, we have hosted a distinguished speaker program titled "Unravelling the Machine Learning Spectrum towards Generative AI" by a most renowned personality and ACM DSP speaker Prof.R.K.Shyamasundar from IIT Bombay on 26 April. He delivered talks on Machine Learning, Content Delivery, and Fairness and towards Generative AI.

Seminars/One day program organized

Title: One day seminar on the Landscape of Artificial Intelligence

Hosted at the cutting-edge facilities, the one day seminar on the Landscape of Artificial Intelligence on 26 March 2024 by the expert speaker, Dr.P.Sishaj Simon, Professor, National Institute of Technology, Tiruchirapalli unravelled the mysteries of AI, from its foundational concept. It promised a deep dive into the transformative world of AI, exploring its profound impact across various domains through engaging presentation, interactive discussions, real-world case studies, invaluable insights into the latest trends and breakthroughs shaping the AI landscape. Various perceptions of neural networks and Deep Learning Networks were explored.

MoU's with Industries

Even at our infancy, we are happy that the Joy University stands as a center of excellence. The SOCI is delighted to share that it has entered into a Memorandum of Understanding (MOU) with Intel Corporation, a global leader in technology innovation. Edulateral foundation and the university has committed to go beyond boundaries to build bridges between Industry and academia. Edulateral Foundation along with Intel software, Intel Unnati labs of excellence and NEC Center of excellence promotes the pursuit of experiential learning, focus on innovation to enhance employability and promotes entrepreneurship.

Attempts are put forth to have tie ups with Siemmen's company for AR and VR labs as well. It is expected that the new Annex Building will be ready by July for occupation by the Intel and Siemens Company.

Board of Studies meeting

The Board of Studies meeting of the School of Computational Intelligence (SoCI) was conducted on 2024 May 20. The faculty from SoCI, Dr.Chithra D Gracia, Assistant Dean, Assistant Professors, Dr.Shyju Wilson, Dr.Rahul, Dr.Pallab Maiti and Dr.Jaffino Stargen, Dean- Academics, Dr.John De Britto, Assistant Dean- Academics Dr.Alasakani Karthik and the distinguished expert members, Prof.Dr.D.C.Mala of the Department of Computer Sciences, NIT Thiruchirapalli, Dr.Krishnamurthy Sivalingam, Chair Professor, IIT Chennai and Dr.K.Rajasekhar, Manager- I T Solutions, BHEL Thiruchirapalli also attended the meeting and gave their suggestions.

SCHOOL OF AGRICULTURE SCIENCES

Visit to Coconut Research Station & Tropical Botanic Garden, Trivandrum

On April 12, 2024, students pursuing B.Sc in Agriculture from Joy University embarked on an enriching study tour to the Coconut Research Station and Tropical Botanic Garden in Trivandrum. The journey was not just a mere excursion but a profound opportunity for these budding agriculturists to delve into the intricate world of tropical flora. Surrounded by the lush greenery and vibrant biodiversity of the region, students were immersed in hands-on experiences, learning about cultivation techniques, ecological significance, and scientific advancements in coconut farming. Guided by expert botanists and researchers,

they explored the diverse array of plant species, gaining invaluable insights into sustainable agricultural practices and the pivotal role of botanical research in addressing global food security challenges. This immersive educational excursion not only broadened their horizons but also ignited a passion for innovation and stewardship, inspiring them to contribute meaningfully to the agricultural landscape of tomorrow.

Agri Clinic & Exhibition

On March 21, 2024, the School of Agriculture in Joy University orchestrated a vibrant and informative Agri Clinic & Exhibition, showcasing a rich tapestry of agricultural innovation and expertise. Set against the backdrop of burgeoning greenery and fervent discussions, the event served as a nexus for farmers, researchers, and industry professionals to converge, exchange ideas, and explore cutting-edge agricultural practices. From pioneering technological solutions to traditional farming wisdom, the exhibition hall buzzed with excitement as attendees delved into a plethora of stalls, workshops, and interactive sessions, fostering a dynamic atmosphere ripe for collaboration and learning. Through this initiative, Joy University reaffirmed its commitment to advancing agricultural sustainability and empowerment, charting a path towards a greener and more prosperous future for communities far and wide.

This event was composed of agri- horti produce competitions by farmers, and agriculture quiz competition for school students. Prizes were distributed to the winners of the competitions

MoU for mutual cooperation in academic and research matters; and sharing of technical and physical resources was also signed on **March 21, 2024** between the Joy University and the TIAC, Radhapuram

Skill demonstration in Propagation techniques to School students:

On 26 February 2024, a skill demonstration on Air layering in guava was conducted by the SOAGS for school students who visited the campus in connection with the state level quiz competition

Training Program on Fostering Student Entrepreneurship

On the 29th of November, 2023, the School of Agriculture at Joy University orchestrated a transformative event, the Training Program on Fostering Student Entrepreneurship, designed to cultivate the entrepreneurial spirit within its student body. With a focus on innovation and sustainability, this program provided a dynamic platform for students to explore their entrepreneurial potential within the agricultural sector. Through a series of interactive sessions, participants gained invaluable insights into business development, market analysis, and the practical application of their agricultural knowledge. By fostering creativity and fostering a mindset of innovation, Joy University's School of Agriculture continues to empower students to become visionary leaders in shaping the future of agriculture and beyond.

Field Visit to Forest Range Office, Aralvaimozhi

On November 06, 2023, students pursuing B.Sc. (Hons) in Agriculture from the School of Agriculture Sciences at Joy University embarked on an enriching field visit to the Forest Range Office in Aralvaimozhi.
