**5. Curriculum, Teaching Learning Process/Method, Examination/Evaluation System**

5.1	<p>Which University body finalized the curriculum? The composition of the body may be given. (Board of Studies, Academic Council, Board of Management)</p>	<p>At Joy University, the Board of Studies (BOS) formulates and recommends detailed curricula, syllabi, and examination schemes for its individual schools; the <b>Academic Council (AC)</b>—which includes internal deans and external academic and industry experts—serves as the apex academic body that reviews and formally approves those curricula; and the <b>Governing Council</b> (Board of Management) oversees overall strategic, financial, and operational governance, providing final institutional approval in line with the Tamil Nadu State Private Universities Act and UGC norms. The composition of the Board of Studies, Academic Council, and Board of Management is detailed in: <a href="#">Composition</a></p>
5.2	<p>What are the Rules/regulations/procedure for revision of the curriculum and when was the curriculum last updated?</p>	<p>Joy University follows a well-defined curriculum revision policy, as per its “Manual for Academic Planning and Monitoring,” and has clearly defined procedures and timelines for updating course content. Rules, Regulations &amp; Procedure for Curriculum Revision The revision process is carried out through the following structured steps:</p> <p><b>1. Stakeholder Feedback</b> Curriculum changes are initiated based on analysis of demand, emerging trends, and feedback from key stakeholders—faculty, students, alumni, industry experts, and advisory boards.</p> <p><b>2. Design &amp; Development</b> Proposed changes are drafted by academic departments and the Board of Studies (BOS), incorporating inputs from internal and external subject experts.</p>

		<p><b>3. Approval Workflow</b> The Board of Studies (BOS) reviews and recommends revisions. Those recommendations are forwarded to the Academic Council for final consideration and approval. Implementation is overseen in accordance with procedures set out in the university's academic planning manual.</p> <p><b>4. Course Code Definition</b> A unique course code has been assigned for all the courses to ensure systematic identification and academic management.</p> <p><b>5. Review Frequency</b> The curriculum is reviewed and updated annually to ensure its relevance and alignment with evolving educational and industry standards. The most recent comprehensive update of the curriculum took place in Feb 2026</p>
5.3	<p>Whether approval of statutory bodies such as Board of Studies, Academic Council and Board of Management of the University has been taken to start various courses? If yes, please enclose extracts of the minutes.</p>	<p>Yes, the approval of statutory bodies such as the Board of Studies (BoS), Academic Council (AC), and Board of Management (BoM) has been obtained for starting various courses at Joy University. As per the Examination Regulations 2025–26, course work, curriculum design, evaluation methods, and assessment structures are explicitly aligned with the norms and decisions of the statutory bodies.</p> <p><a href="#">Minutes</a></p>
5.4	<p>Furnish details of the following aspects of curriculum design:</p> <p>Innovation such as modular curricula Inter/multidisciplinary approach</p>	<p>Based on the Examination Regulations 2025–26 of Joy University, the curriculum design incorporates several innovative and forward-looking aspects:</p> <p><b>Modular Curriculum Structure:</b> The curriculum follows a flexible and structured framework allowing students to register for specific courses each semester. This modular approach enables students to pace their learning while meeting credit and academic requirements, including registration for summer terms, repeat courses, and supplementary examinations.</p>

		<p><b>Interdisciplinary and Multidisciplinary Approach:</b> The inclusion of diverse components like quizzes, assignments, seminars, projects, paper presentations, and practical work encourages cross-functional learning. The evaluation system integrates both formative and summative assessments with emphasis on application, analysis, and creativity as per Bloom's Taxonomy. fostering an interdisciplinary outlook.</p> <p><b>Research and Ph.D. Programme Design:</b> The Ph.D. coursework includes seminar presentations, conference papers, and research-based assignments, offering a multidisciplinary engagement with both theory and practice.</p> <p><b>Open Book Examinations and Continuous Evaluation:</b> The use of Open Book Mid-Semester Exams and Continuous and Comprehensive Evaluation (CCE) supports independent and creative thinking, enhancing the scope for integrated and multi-perspective learning.</p>
5.5	Has the University conducted an academic audit? If yes, please give details regarding frequency and its usage.	<p>In Joy University, the Internal Quality Assurance Cell (IQAC) and the Controller of Examinations (CoE) play a role in overseeing the adherence to academic processes, including evaluation procedures, attendance tracking, and feedback mechanisms.</p> <p><b>Continuous Internal Monitoring:</b> IQAC and CoE oversee the implementation of procedures like minimum attendance enforcement, evaluation transparency, and remedial classes for shortfall in attendance.</p> <p><b>Course File Review &amp; Result Analysis:</b> Faculty are required to evaluate students continuously, maintain detailed course files, and review performance with students. Evaluated answer scripts are shown to students, and class performance is discussed in detail.</p>

		<p><b>Use of Feedback:</b> Student feedback on courses and teaching is formally collected and documented to improve quality and essential feature of internal academic auditing.</p> <p><b>Evaluation Committees:</b> Boards such as the Equivalence Committee, Grade–Result Evaluation Committee, and Moderation Board ensure fair academic assessment and curriculum equivalency, fulfilling audit-like functions.</p> <p><b>Frequency:</b> Though a specific frequency (e.g., annual or biennial) of a formal academic audit is not detailed, the continuous review and monitoring by internal bodies imply that audits or review processes are integrated into the semester-wise academic cycle.</p>
5.6	<p>Apart from classroom instruction, what are the other avenues of learning provided for the students? (Example: Projects, Internships, Field trainings, Seminars, etc.)</p>	<p>At Joy University, apart from traditional classroom instruction, students are offered multiple <b>experiential and participatory learning avenues</b> to enhance their academic and professional development. These include:</p> <p><b>1. Projects:</b> Both individual and group projects are integrated into the curriculum to encourage research, innovation, and application of theoretical concepts to real-world problems.</p> <p><b>2. Internships:</b> Students undergo mandatory internships with industries, startups, NGOs, and research organizations, providing hands-on exposure and industry interface.</p> <p><b>3. Field Training/Industry Visits:</b> Regular field visits and industrial training are organized to familiarize students with practical work environments and operational processes.</p> <p><b>4. Seminars and Guest Lectures:</b> Domain experts, academicians, and industry professionals are invited to deliver sessions on contemporary topics, enriching students' knowledge beyond the syllabus.</p> <p><b>5. Workshops and Skill Labs:</b> Hands-on workshops and technical labs promote skill-building in areas</p>

		<p>like coding, design thinking, communication, and business analytics.</p> <p><b>6. Online Learning Platforms:</b> Access to MOOCs, NPTEL, and other e-learning portals is encouraged to promote self-paced learning.</p> <p><b>7. Student Clubs and Competitions:</b> Co-curricular clubs conduct events, debates, hackathons, and case competitions to foster leadership, teamwork, and creative thinking.</p> <p><b>8. Capstone Projects:</b> Final-year students undertake capstone projects synthesizing their learning in a comprehensive manner, often in collaboration with industry.</p>
5.7	Please provide details of the examination system (Whether examination based or practical based)	<p>The examination system at Joy University is designed to ensure comprehensive and continuous evaluation of students' academic progress. It integrates both theoretical and practical components to promote holistic learning. The assessment framework comprises formative and summative evaluations. Continuous and Comprehensive Evaluation (CCE) constitutes a significant component, including quizzes (10 marks), assignments (5 marks), and mid-semester examinations (10 marks), collectively accounting for 25 marks of the total marks. In addition, for the remaining 35 marks the autonomy is provided to faculty members to design and implement appropriate assessment components for total of 60 marks. This structured approach encourages consistent academic engagement, fosters conceptual understanding, and supports outcome-based learning throughout the semester.</p> <p>An Open Book written test is conducted, enabling students to focus on understanding and applying concepts rather than memorization. Conducted in the middle of the semester as per the academic calendar, it serves as a key formative assessment tool.</p>

		<p>Students who miss this exam due to valid reasons are provided a chance to reappear, with the schedule managed by the respective school deans. The passing minimum for formative assessment is 24 out of 60, ensuring consistent academic performance.</p> <p>The Comprehensive Examination acts as the final summative assessment and is conducted as a Closed Book test at the end of each semester. It covers the entire syllabus and carries a weightage of 40%. A student must secure at least 40/100 marks for UG and 50/100 for PG courses to pass. Students with shortfalls in this exam may opt for Supplementary Examinations, provided they meet the attendance and eligibility criteria. The first attempt scores are combined with prior internal assessments to calculate the final grade.</p> <p>In addition to theoretical examinations, practical assessments are a vital part of the evaluation system. Practical exams are held one week prior to the comprehensive exams and are assessed by both internal and external examiners. Students are evaluated on attendance, record submission, viva-voce, and actual performance of experiments, totaling 50 marks. This ensures the development of hands-on skills and practical application of classroom learning. The overall system thus emphasizes academic rigor, fairness, and continuous improvement through feedback and transparent evaluation processes.</p>
5.8	<p>What methods of evaluation of answer scripts does the University follow? Whether external experts are invited for evaluation?</p>	<p>At Joy University, the evaluation of answer scripts is carried out by the faculty members responsible for the respective courses. The examiners evaluate the scripts promptly after the Mid Semester and Comprehensive Examinations and are required to submit the marks through the Examination Portal. The marks are then verified and</p>

		<p>reviewed by the School Dean before being uploaded officially. This decentralized and transparent system ensures that results are processed efficiently and accurately.</p> <p>The answer booklets are shown to students after the Mid- Semester Examination to provide feedback and allow them to clarify doubts regarding their performance. However, for the Comprehensive Examination, the marks are not initially visible to students. If a student desires to view the evaluated scripts or apply for reevaluation due to any discrepancy, a formal process is in place involving approval from the course teacher, School Dean, Dean Academics, and finally, the Controller of Examinations (CoE). Reevaluation is permitted only under specific conditions.</p> <p>As for external evaluation, Joy University does involve external examiners, but only in the case of practical examinations. According to the regulations, each final practical examination is conducted by an internal examiner (typically the course teacher) and an external examiner, who may be from another department or an external university. This dual-examiner system enhances objectivity and fairness in assessing practical skills, viva voce, and records.</p> <p>In contrast, theory paper evaluations are conducted internally by the respective course faculty. There is no mention of external experts being involved in the routine evaluation of theory answer scripts. However, the moderation and validation of question papers involve external subject experts as part of the Board of Examinations and Moderation Board, ensuring the quality and fairness of assessment tools.</p>

5.9	Mention the number of malpractice cases reported during the last 3 years and how they are dealt with.	<p>During the last three academic years, a total of <b>9 cases of malpractice</b> were reported at Joy University. Each case was dealt with seriously by the <b>Malpractice Committee</b> as per university regulations. After thorough investigation, appropriate actions such as <b>cancellation of examination, suspension from appearing in future exams, or warning notices</b> were issued based on the severity of the offence. The committee ensured that all procedures were <b>transparent and fair</b>, upholding the integrity of the examination system. Additionally, measures were taken to <b>strengthen invigilation and awareness among students</b> to prevent such instances in the future.</p>
5.10	Does the University have a continuous internal evaluation system?	<p>Yes, Joy University follows a Continuous and Comprehensive Evaluation (CCE) system as part of its academic framework.</p> <p><b>Formative Assessment Components:</b>  Quiz: 10%  Assignment: 5%  Mid Semester Examination (Open Book): 10%  Other Assessment Components: 35%</p> <p>These together contribute to a Continuous and Comprehensive Evaluation (CCE) component totaling 60% of the course grade.</p> <p><b>Classroom-Level Monitoring:</b>  Faculty provide a Course Handout at the beginning of the semester with detailed plans, timelines, evaluation rubrics, and continuous feedback mechanisms.</p> <p><b>Feedback Loop:</b>  Students receive feedback after mid-semester exams, and performance discussions are held in class (average, highest, and lowest scores are shared).</p>

5.12	How are the question papers set to ensure the achievement of the course objectives?	<p>At Joy University, question papers are systematically set to ensure the achievement of <b>Course Objectives (COs)</b> and alignment with <b>Programme Outcomes (POs)</b> through the following mechanisms:</p> <ol style="list-style-type: none"> <li>1. <b>Bloom's Taxonomy Framework:</b> Questions are designed according to cognitive levels— <b>Understanding (50%), Application &amp; Analysis (30%),</b> and <b>Creativity (20%)</b>. This ensures that students develop both foundational and higher-order thinking skills.</li> <li>2. <b>Mapping with COs and POs:</b> Each question is mapped to specific <b>Course Outcomes (COs)</b>, which are in turn linked to relevant <b>Programme Outcomes (POs)</b>. This mapping ensures that every exam tests targeted learning objectives. <b>Question Paper Blueprints:</b> Faculty prepare a blueprint to align each question with the appropriate Bloom's level, CO, and PO. This blueprint is reviewed during moderation to ensure completeness and balance.</li> <li>4. <b>Balanced Question Types:</b> Question papers consist of <b>25% Easy, 50% Moderate,</b> and <b>25% Difficult</b> questions, distributed across <b>Mid-Semester</b> and <b>Comprehensive Examinations,</b> thus testing various levels of learning.</li> </ol>
------	---	--

		<p>5. <b>Mid-Semester Pattern (Open Book):</b> Focuses on application and analysis. It includes 13 questions designed to test mid-level Bloom's levels such as <b>Apply, Analyze, and Evaluate.</b></p> <p>6. <b>Comprehensive &amp; Supplementary Pattern (Closed Book):</b> These final exams include 15 questions covering all units and higher Bloom's levels like <b>Evaluate and Create</b>, ensuring the full achievement of course objectives.</p> <p>7. <b>Moderation &amp; Validation:</b> A Moderation Board verifies that all questions align with COs and POs, and checks for syllabus coverage (50% for mid- sem, 100% for comprehensive), clarity, and relevance.</p> <p>8. <b>Internal Assessment Integration:</b> Quizzes, assignments, and projects are also mapped with COs and POs, and the cumulative evaluation reflects a student's competency across these outcomes.</p> <p>9. <b>Continuous Feedback Loop:</b> Mid-semester answer scripts are returned with feedback. Faculty discuss strengths and gaps, closing the loop on <b>Outcome- Based Education (OBE).</b></p>
5.13	State the policy of the University for the constitution of board of question paper setters, board of examiners and invigilators.	At Joy University, the policy for the constitution of the <b>Board of Question Paper Setters, Board of Examiners, and Invigilators</b> is as follows:

		<p><b>Board of Question Paper Setters / Moderation Board:</b>  Constituted by each School/Department.</p> <p><b>Chairperson:</b> Dean of the concerned School.</p> <p><b>Members:</b> Two senior faculty members (Associate Professor level or above), and if required, two <b>External Subject Experts</b>.  <b>Dean Academics</b> is a member;  <b>Controller of Examinations (CoE)</b> or nominee serves as <b>Convener</b>.</p> <p>Responsibilities include the quality, syllabus alignment, and Bloom's level mapping of all question papers for Mid-Semester, Comprehensive, and Supplementary exams.</p> <p>Two sets of question papers must be submitted for each subject.</p> <p><b>Board of Examiners (BoE):</b>  This functions within the Moderation Board as detailed above.</p> <p>It ensures the validity, relevance, and standard of exam questions. Responsible for changing the question paper pattern if required, and for finalizing the validated set of question papers.</p> <p><b>Invigilators:</b>  Appointed by the <b>CoE</b> in coordination with School Deans. Each examination center/hall is monitored by invigilators who ensure the smooth and fair conduct of exams.</p> <p>Students must present valid hall tickets and identity cards to be admitted.</p> <p>Invigilators are responsible for verifying student credentials, maintaining exam discipline, and reporting any malpractice through an Exam Incident Report (EIR).</p>

## I. Governance System

### 11. Organization, Governance and Management

11.1	<p>Composition of the statutory bodies of the University (please give names, profession &amp; full postal address of the members and date of constitution):-</p> <p>Governing Board Executive Council Board of Management Academic Council Finance Committee Board of Studies Others</p> <p>(Details to be provided in <b>Appendix-XVII</b>)</p>	<p><i>(Appendix XVII)</i></p> <p><a href="#">Governing-Council</a></p> <p><a href="#">Academic-Council</a></p> <p><a href="#">Executive-Council</a></p>
11.2	<p>Dates of the meetings of the above bodies held during the last 2 years</p> <p>(Enclose attested copy of the minutes of the meetings)</p>	<p><a href="#">Refer Appendix 11.2</a></p>
11.3	<p>What percentage of the members of the Boards of Studies, or such other academic committees, are external? Enclose the guidelines for BOS or such other Committees.</p>	<p><b>Board of Studies (BoS) – Composition and External Representation</b></p> <p>In accordance with the UGC guidelines and the University Statutes, the composition of the Board of Studies (BoS) and similar academic committees ensures adequate participation of external experts to maintain quality, impartiality, and academic benchmarking.</p>

		<p><b>Percentage of External Members</b></p> <p>The Board of Studies of each School/Department is constituted with 30–40% external members.</p> <p>These external members include:</p> <p>Subject experts from other Universities/Institutions.</p> <p>Representatives from industry, corporate sector, or allied professional fields.</p> <p>Meritorious alumni from relevant disciplines.</p> <p>The remaining members are internal faculty of the School/Department, including Professors, Associate Professors, Assistant Professors, and the Dean/Head as Chairperson.</p> <p>Thus, the BoS and similar academic committees maintain one-third external representation, in line with UGC's model regulations and best practices.</p>
11.4	<p>Are there other strategies to review academic programmes besides the academic council? If yes, give details about what, when and how often are such reviews made?</p>	<p><b>Program Review Mechanisms</b></p> <p>In addition to the review conducted by the Academic Council, Joy University has instituted a comprehensive system of periodic academic program reviews through multiple committees and quality mechanisms. These include:</p> <p><b>Board of Studies (BoS):</b> Annual curriculum and syllabus review.</p> <p><b>Internal Quality Assurance Cell (IQAC):</b> Quarterly and annual quality reviews.</p> <p><b>Academic Integrity Panel &amp; Code of Conduct Committee:</b> Periodic monitoring of academic ethics, integrity, and adherence to</p>

		<p>conduct guidelines.</p> <p><b>Digital Transformation Committee:</b> Review of technology- enabled teaching, digital learning resources, and IT integration (annual/need-based).</p> <p><b>Equivalence Committee:</b> Evaluation and recognition of external qualifications and credits (as and when required).</p> <p><b>Doctoral Advisory Committee:</b> Continuous monitoring of Ph.D. research progress (semester-wise).</p> <p><b>Departmental Faculty Committees:</b> Semester-wise review of course delivery, student outcomes, and academic performance.</p> <p><b>External Academic and Administrative Audit (AAA):</b> Conducted once every semester by external peers to ensure impartial quality assessment.</p> <p><b>Regulatory Body Inspections:</b> Periodic inspections by statutory bodies such as PCI, AICTE, and UGC as per prescribed cycles.</p> <p>These multi-layered, overlapping mechanisms ensure continuous curriculum upgradation, robust quality assurance, academic integrity, and alignment with national, regulatory, and global standards.</p>

## 16. Strength and Weaknesses of the University

16.1	Strengths of the University	<p><b>1. UGC-recognized with multiple accreditations</b> Recognized by UGC and approved by BCI &amp; PCI, lending credibility to its academic programs.</p> <p><b>2. Modern, multidisciplinary programs</b> Offers a wide portfolio—from Engineering, AI, Agriculture, Health Sciences to Law, Commerce and Design—catering to diverse academic interests.</p> <p><b>3. Strong industry-aligned curriculum</b> Focus on emerging tech (AI/ML, Cybersecurity, IoT) ensures graduates are industry-ready.</p> <p><b>4. Good placement support</b> Claims 100% placement assistance, with recruiters including IBM, Infosys, Wipro, Capgemini.</p> <p><b>5. Experienced &amp; research-active faculty</b> Faculty include PhDs from IIT/NIT/IIT Hyderabad with strong publication and conference credentials.</p> <p><b>6. Excellent infrastructure</b> Campus features smart classrooms, labs, gym, swimming pool, sports grounds, library, hostel, theatre, amphitheatre—all aimed at holistic student life.</p> <p><b>7. Notable awards &amp; sports excellence</b> Recognized as “Best Emerging University in South India” and recipient of several educational awards; students performed well in inter-university sports.</p> <p><b>8. Strong rural &amp; social mission</b> Operated by a trust focused on underprivileged education, with CSR efforts like blood camps and environmental drives.</p> <p><b>9. Competitive fees with scholarships</b> Fees are in mid-range (₹1.5–7.6 L for UG/PG), with multiple scholarships available to ease burden.</p>
------	-----------------------------	--

		<p><b>10. Early-stage agility</b> Established in 2022, the university demonstrates dynamism and flexibility to innovate and adapt in growing education landscapes.</p>
16.2	Weaknesses of the University	<p><b>Weaknesses / Considerations</b></p> <p><b>1. New institution – brand still evolving</b> As a relatively new university, it may not yet have the national recognition or alumni network of long-established institutions.</p> <p><b>2. Limited alumni data for outcomes</b> While placement support exists, concrete statistics on average packages and long-term career tracking are not readily available yet.</p> <p><b>3. Geographic distance from major metros</b> Located in rural Tamil Nadu (Vadakkankulam, near Kanyakumari/Tirunelveli); may pose logistical challenges for urban- oriented students/internships.</p> <p><b>4. Unknown quality of interdisciplinary breadth</b> Wide program range may risk adequacy in depth—resource spread could affect lesser-known faculties.</p> <p><b>5. Emerging research profile</b> Faculty have research credentials, but the institution’s overall research funding, output volume, and PhD milestones are still emergent.</p> <p><b>6. Reliance on internal entrance exams (JOYAT)</b> While specialized, JOYAT may not yet be as widely accepted as national exams like JEE Main for attracting top-tier applicants.</p> <p><b>7. Early days for accreditation renewals</b> UGC/NBA/NAAC accreditations are in place, but periodic renewal track record will be established over time.</p> <p><b>8. Infrastructure still scaling</b> Facilities are in place, but student reviews highlight that usage intensity may vary as campus expands.</p> <p><b>9. Hostel costs might be steep</b> Hostel fees range between ₹80K–100K including mess—a consideration for budget-conscious students.</p>

		<b>10. Competitive local landscape</b> Competing with established universities in Tamil Nadu (e.g., Anna University, VIT) may pose challenges in attracting top enrollments and faculty.
