Prospectus 2024-25

Legacy of the Trust 40 Years

The Selvam Educational and Charitable Trust, Vadakangulam was established in the year 1984 under the Chairmanship of Dr. S. A. Raja, a popular philanthropist and educationist hailing from Vadakkangulam with a vision to facilitate quality education especially for the socially and economically deprived younger generation and to equip and enrich young men and women to meet global challenges in development, innovation and application of technology for the service of humanity thereby, leading to include core human values through ethical practices and inspire them to serve the society.

The trust has established more than 30 Higher Educational Institutions in Agriculture, Engineering, Medicine, Dental, Pharmacy, Polytechnic, Nursing and Arts and Science. Apart from establishing various Institutions, the Trust has been involved in promoting various Corporate Social Responsibilities (CSR) such as the Deaf and Dumb Association, Blood Donation camps, Eye camps, Tree plantation, Swatch Bharath, etc.

Vision

To create and nurture a multidisciplinary Global University with the highest academics, research and ethical standards in a creative and innovative environment.

Mission

To be a Premier University of choice for all stakeholders and contribute to academic demographic dividend. To inculcate quality, integrity, teamwork, compassion, and ethics in new generation students for catering to various needs of society.

Chancellor's Message

Dear well-wishers and prospective students of Joy University

I am delighted to address through this message that my lifelong dream of bringing American education to this part of the country is going to be fulfilled through Joy University. Myself having educated in the US, have enjoyed the flexibility and the multidisciplinary approach of the American education system.

Today this campus with its modern infrastructure and highly trained doctorates from IIT, IIM, BITS, and other major renowned institutions from India and abroad, will create a beautiful environment to nurture the young minds of this modern world. Very friendly approach of these Professors and the environment of the University will enlighten your mind to be creative and participative in the learning process. This will make you more interactive and create self-confidence that will make you reach greater heights beyond your imagination in your life.

Dear parents, you can believe in us and join your ward to this wonderful University of tomorrow that guarantees them a Successful future. As we would be selecting the best of students from all around the world, I wish that your children get the opportunity to be a part of Joy University.

Wishing you all a happy life.

Dr. S. A. Joy Raja
B.S., MBA., Ph.D (USA)
CHANCELLOR

Pro-Chancellor's Message

Knowledge is power. Information is liberating

Education is the premise of progress: for every individual, and ultimately, for every nation. Inspired by this belief, we have conceived Joy University with a clear focus on preparing students for shaping the future. We know that the world is changing every moment and those who will ride the crest of the future are the ones who are 'always prepared' - the motto of our university.

To achieve this, we are creating an institution that is built around the core values of excellence in academics and a multi-faceted approach to learning. We have introduced a Choice Based Credit System, International Collaborations and of course the best in Faculty to encourage, guide, and empower young, bright minds.

A nation is driven by the innovation and inspired commitment of its people. Joy University aims to be the crucible that ignites the spark in thousands of creative change makers across disciplines.

I welcome you all to Joy University and wish you all the best for your future.

Mrs. Gino Joy Raja
PRO CHANCELLOR

Vice-Chancellor's Message

Welcome to Joy University!!!

We have embarked on a mission to create academic and research excellence at Joy University. As Chief Academic & Administrative Officer of Joy University, I pledge to take care of all my students who have taken admission in this wonderful University where our motto is service with Joy. So for the well-being of all our students at Joy University, we have systematically developed strategies for planning, development, implementation, assessment and enhancement of all academic programs, policies, and supporting infrastructure.

Also, for ensuring Joy University's academic pre-eminence, we have excellent faculty who are all PhDs from premier Universities of the India and abroad. At Joy University, I guarantee that we are also responsible for executing quality content education being provided to all undergraduate students and graduate students.

Best Wishes to All Students and Faculty.

BEST EMERGING UNIVERSITY IN SOUTH INDIA

Dr. Tamilisai Soundararajan
Governor of Telangana & Puducherry

Awarded The Best Emerging University In South India to

Dr. S. A. Joy Raja
Chancellor, Joy University
Chairman, Rajas Group of Institutions

Traditional curriculum in Computational Intelligence (CI) has focused on two major areas, i.e., theory and systems (database, computer hardware, and operating systems). With the advent of the era of Edge Computing, Cloud Computing, Security, AI and Big Data, the discipline is being transformed by the incorporation of new emerging technologies. The discipline is becoming instrumental in solving major real-world problems faced by modern society such as healthcare, security, sustainability, and socio-economic challenges. The B.Tech program in CSE will prepare the students to tackle problems that are fundamentally multidisciplinary in nature. This would improve Joy University's participation and contribution towards providing solutions for global challenges. Joy University can become a leading source of technology solutions for self-reliant India.

The traditional curriculum in the School of Agricultural Sciences (SOAGS) at Joy University will be implementing the Agricultural Experiential Learning Program (AELP) for the agriculture students where

they will be exposed to the AELP with great zeal and enthusiasm to experience, reflect, conceptualize and experiment on their own where experiential learning actively involves the learner in a concrete experience. With the advent of the era, SOAGS is unique in that it combines several disciplines such as modern farming practice, environmental management, sustainability, food production science, economics, and business for a multifaceted approach. Students sought out to gain agricultural and horticultural production, marketing, and community development competencies in the small-scale agriculture sector.

Joy University School of Law (JU-SOL) aims to enable the students with excellent legal studies through the combination of exposure to the advanced syllabus, legal education programmes and faculty monitored participation in curricular and extracurricular activities. The syllabus for the JU-SOL programmes goes far beyond the basic requirements of the Bar Council of India reflecting the current trends and demands of academia and industry. JU-SOL Programme structure enhance practical knowledge of the students through moot courts along with the legal education. It helps the students to shine as judges, policy makers, public official, civil society, activist as well as corporate legal consultants in both sectors. JU-SOL prepares students to become highly professionals in legal education to meet the emerging challenges of working in a globalized knowledge economy in which the organization of law and legal practice are undergoing a paradigm shift.

School of Design (SOD) aims at excellence in Industrial Design, Communication Design, Textile, Apparel & Lifestyle Design, IT Integrated (Experiential) Design and Interdisciplinary Design Studies. SOD offers a wide spectrum of design domains while encouraging transdisciplinary design projects. It is a unique institution with many problem-solving capabilities, depths of intellect and a time-tested creative educational culture in promoting design competencies and setting standards of design education. The rigorous development of the designer's skills and knowledge through a process of 'hands-on minds-on' is what makes the difference.

The overall structure of the SOD programme is a combination of theory, skills, design projects and field experiences supported by cutting-edge design studios, skill & innovation labs and the Knowledge Management Centre. Sponsored design projects are brought into the classroom to provide a professional experience. Interdisciplinary design studies in Science and Liberal Arts widen the students' horizons and increase general awareness of contemporary issues.

The School of Nursing, an integral part of Joy University endeavors to employ core tenets of excellence, innovation, inclusion, and deference to edify future nurses, progress nursing science, and implement evidence-based clinical practice to improve health and wellness. It concocts nurses with global standards for local and global placements. The standardized curriculum bids a broad-based instruction within the speculative context envisioned for the enhancement of critical thinking skills, aptitudes, and standards vital for the practice of professional nursing and midwifery.

School of Nursing

The students will be exposed to hands-on training during the course in all specialities including Medical Surgical, Child Health, Obstetrics and Gynaecology, Community Health and Mental health nursing. The programme is further augmented with value-added courses to prepare our graduates to become archetypal citizens by adhering to the code of ethics and professional conduct at all times in gratifying personal, social and professional obligations so as to retort to national aspirations. It also warrants 100% succour for employment through career counselling, in-house interviews and campus interviews

Joy University, School of Pharmacy (JU-SOP) offers great opportunities in health care and pharmaceutical industries both in India and abroad.

Joy University is one of the leading Universities in India with an exceptional curriculum designed to prepare quality pharmacists with professional capabilities to reach great heights in the healthcare system. The pharmacist of the 21st century possesses a significant role in managing drug therapy, counselling patients on the proper use of medications, and monitoring drug therapy outcomes for which the B.pharm program prepares the students.

The Faculty at Joy University, School of Pharmacy (JU-SOP) have Ph.D. qualifications of their expertise to teach and promote the learning process and also to serve as an inspiration to the students in their research activities. They mould the student community into outstanding professionals through advanced teaching techniques and learning aids. Joy University, School of Pharmacy (JU-SOP) is vested with state-of-the-art infrastructure and provides top-notch facilities to the budding pharmacists.

Joy University, School of Pharmacy (JU-SOP) is supplemented by a refreshing breath of co-curricular and extra-curricular activities to ensure that the students acquire personality excellence and leadership qualities in addition to the technical expertise, which is vital for excelling in a competitive world.

B.Pharm

Bachelor of Pharmacy

Joy University School of Life and Health Sciences (SOLHS) has fields of biotechnology, food technology, and allied health sciences that work towards improving the well-being of individuals and communities. Food technology offers more efficient ways of managing our current resources even as it paves the way for food security.

Biotechnology helps us modify and improve the human body in a changing world while allied health sciences complements the fast-evolving field of medicine and improves the quality of patient care. The professionals and leaders who work in these fields channel their knowledge and efforts towards a better tomorrow for all we are proud to play a key role in their development.

The comprehensive curriculum is grounded in the fundamentals of the discipline and designed to meet contemporary industry challenges with the advancements and updates in the respective fields. A strong focus on practical application ensures that learning is not restricted to the four walls of a classroom alone. Instead, immersive learning is promoted in the well-equipped labs and facilities. Students at SOLHS are encouraged to explore research as a means of developing a deeper understanding of their disciplines.

School of Entrepreneurship & Management (SOEM) believes in fostering the development of future-ready global leaders; adept at fuelling innovative, pertinent, and implementable solutions for the challenges posed by the new digital economy of the future.

All programs taught at the school - undergraduate, graduate, doctoral and certificate are pinned by SOEM's strong entrepreneurial focus and critical thinking discipline, combined with real-world problemsolving through regular industry-academia engagement. This ties in perfectly with the University's academic structure of delivering quality education that is intrinsically multidisciplinary, research-driven and student-centric.

The distinct approach towards excellence in management education is apparent right from the internationally benchmarked program curriculum design, to the commitment of our distinguished full-time faculty members; thought leaders in their respective fields, drawn from several top universities in India and across the world.

Another important purpose-driven aspect of the programs taught at SOEM is to inspire the creation of decision-makers who understand the importance of creating value not just for the private sector business world but for society at large, in government, not-for-profit, and other public sector enterprises.

Joy University School of Arts & Natural Sciences (SOANS) aims to provide an international ambience in a local setting with innovative and engaging teaching methods, a globally benchmarked curriculum, world class faculty, and key partnerships in research.

The SOANS encourages group learning and provides value-added hard and soft skills workshops along with key internships each summer. Undergraduate and Postgraduate programs have been designed on the basis of Joy University's underlying philosophy of interdisciplinary and research-led learning.

We believe that in an integrated, self-sustaining, green campus, the SOANS combines research and education at the undergraduate level itself. Joy University provides meritorious applicants with scholarships, internships, and other opportunities to enable them to get the finest education.

Admission Procedure

HOW TO APPLY:

All the students have to appear in JOYAT Exam by visiting the Joy University website www.joyuniversity.edu.in and click **ADMISSIONS** tab.

SELECTION PROCESS:

Based on the JOYAT score merit list, the list of students will be intimated through their registered email/SMS.

ADMISSION SEAT ALLOTMENT:

Based on the availability of seats in a particular school/programme the admission Conformation letter is sent by the Office of Admissions to your registered email/SMS.

FEE PAYMENT:

All the fee payments should be made online through our Joy University payment gateway on or before the deadline stipulated, otherwise the registration of student into various courses is not possible.

REGISTRATION PROCESS:

All the students who paid the fees only shall be permitted to register for various courses under the school / programme after which the students will be issued the REGISTRATION CARD at the time of admission.

NOTE:

The seats are filled on first come first serve basis and based on the merit list score of your JOYAT Exam.

Admission Process

Admission Process Flow

● REGISTER YOURSELF

The candidate shall apply for any program by registering through Joy University Admission Portal (<https://admissions.joyuniversity.edu.in>).

● VERIFY OTP

The registration process is completed once the registered phone number is verified. After successful verification, the candidate will proceed to complete the Application Form.

● FILL APPLICATION FORM ONLINE

All details should be furnished completely and correctly by the candidate.

● PAY APPLICATION FEE

After successful completion of the online application form, application fee of Rs.800/- (Non Refundable) has to be paid online. Upon submission of the online application form and fee, the payment receipt will be generated.

● JOYAT EXAM

AI based remote online proctoring Joy Admission Test (JOYAT) enables the candidate to take JOYAT from your LOCATION.

● UPLOAD DOCUMENTS

Based on the JOYAT score the candidate will be intimated through their registered email. Supporting documents such as latest photograph, scanned copy of 10+2 certificates should be uploaded online, as per the directions given in the application form.

We at Joy University have embarked upon a mission to create academic & research excellence.

We pledge to nurture all the students who wish to take admission in this wonderful University where our motto is Service with Joy.

Come.... Join Us to create a new world of Joy.
